Good Morning Dave-

I received your summons for the [REDACTED] case scheduled for trial on Feb. 14, 2011 and am available that day, but I do have a couple questions regarding the matter. First, the summons states that I am needed in Courtroom #4 at 8:30am. Do I definitely need to be there then, or would it better to have me on call (or even set up a time mid-day/afternoon for me to be there after a jury is selected. etc.) The second question I have is regarding the Lab # listed on the summons. The only number listed is [REDACTED]. When I looked up the number, I noticed that the defendant's name listed is [REDACTED] and that he is also the defendant listed for [REDACTED] (though [REDACTED] is for heroin, and the rest are class "E" prescription). Furthermore, the defendant listed for [REDACTED] is [REDACTED], though this number was not listed on the summons. For clarification on my part, which of these lab numbers should I be concerned with for this case. Thanks.
